“ Avery was the type of girl who if you were having a bad day she could bring you right back up. My favorite memory will always be I was crying about my ex boyfriend and she sent me a whole video of her rapping about how he was a bum and I could do better. Me and ave met because we shared an ex boyfriend I will never forget the last time we hung out being stuck in the traffic in gulf shores blasting thru your phone by cardi B and singing every lyric while cars around us stared at us wondering what was wrong with us. I will forever cherish each and every memory I have with her. Forever 15.
