“ Chad and Adam, Linda Longwell told me today that your mom had passed away. I assume May 3, 2020 may have been the death date. I have many fond memories of your mom, Barb. Bud and I stood up with her and Gordon (my cousin) at First Lutheran Church, and we have photos of the reception at our house. I remember visiting the little house on Nebraska street where you lived, and other good memories. Remember the winter where we were snowed in at our home on College Drive? She was proud of you and your families. If I have any photos would you like them? I would need an address where I can mail them. I think Adam is still on the farm. Our sympathy to all.

We are living in Assisted Living Shepherd's Village here in Blair. I have leg and foot problems and Bud is pre-dementia. We feel lucky to be here and are comfortable. Uncle Don Lippincott created a Shepherd's cane ? that is over the fireplace.

Pat (Lippincott) and Bud Hunsche
