“ Aunt Betty was truly one of a kind, and I feel grateful to have had her in my life. I'll always remember her sweet southern accent, her engaging personality, and how fiercely she loved and protected her family. I still smile about the story of her good-hearted offer to drive through the night to Georgia while Uncle Dean slept, only to end up nearly back where she started in Oklahoma by morning. That was Aunt Betty - determined, devoted, and unforgettable. She was a delightful, genuine lady, and I loved her very much. She will be so deeply missed.

“ I have so many memories of Betty, from the times I would spend during the summer to watch the boys to times we worked together at Earlywine and Newcastle. Betty was always good for a laugh and no matter what it was she laughed along with you. I miss the fairly regular phone calls from her we always ended up laughing about something silly. Betty was certainly a hard worker. The times I worked with her she would go in a hard run the whole time. She was surely devoted to her family and it was obvious, not just immediate family but extended family. You will be missed our Betty Rose.
