“ Now you're tuly living the dream :-) Rest in
Peace, my friend. You will be sorely missed.
My thoughts and prayers are with your family
and friends.

“ Brent was a great and loyal friend. I hate the fact I was not able to
say goodbye while he was with us. I will sorely miss our
conversations on politics, current events, and vast array of other
topics. He always had my back and lent an ear when I needed to
vent. I have a 3' x 5' Gadsden Flag that he gave me a few months
ago. I still have it. I have it hanging in the garage. It serves as a
reminder to me what it means to be a patriot every time I pull into
my garage. America and freedom has lost one of its best supporters
this week. However, Heaven has received freedom's best free
agent. We will see you soon enough buddy!!

“ *Brent and I became friends working at the Arizona MVD! We had adjoining offices! I think we became friends immediately upon meeting because of his irreverent, patriotic view of the world! Regardless of where he lived whenever we talked or met it was as if we had just seen each other the day before! No man had a better, more loyal friend than Brent! I admired Brent for his unwavering love of his family and country! I am a better person for having had Brent as my friend!*

“ *My condolences to the Heiss family. I am thankful for having had opportunity to work with Brent over the last few years. I knew him to be helpful not only in the office, but in the community. Brent unselfishly helped my son and I one day in Daphne, for which was appreciated more than he ever knew.*

Brent also loved his country, and I will always remember him as wearing a red shirt on Fridays to show support for the service members who protect our freedoms and way of life around the world.

“ I knew Brent since 2014, when I joined AIRBUS Cabin Upgrades.

He was the first american colleaguage from Mobile with whom we, the european CM team, started a close bussines cooperation and we learned much (about the comon job and us) while our daily telephone conferences.

November 2015 he visited Hamburg and I invited him to our families farmhouse, because he wanted to see the just started chicken farming and egg production. It was a cold day with heavy snow and so my car stuck in the icy mud and we had so much fun to get out there.. (and much time to speak about our family and army duties until we made it).

I hope that the memory of the beautiful time you have spent together will be a small comfort for you...
