JL

“ Carol and I lived close to one another for 10 years (a while back.) Our families spent a lot of time together and shared a lot of events, both filled with laughter and some solemn ones, as well. I remember his distinctive relating to me the night he trusted the Lord Jesus Christ for his salvation. We loved him, Darlene and Kelly then and still do, though time and distance have kept us apart. It was wonderful to visit with the 3 of them a few months back. Darlene and Kelly, we will all soon be with him and our Lord in the future. May the peace that passes understand rest your hearts continually.
