“ *Losing my father is one of the most difficult things I have gone through. I realize how fortunate I was to have him as my father. There are no words to express his influence in my life. Especially, what he has taught me on how to be a good parent.*

My father was hard working, strong, loving and gentle all in one. He loved his family and was devoted to my mother and my sister with his entire being. This man was truly loved by many.

I remember when my sister and I got a new race car set for Christmas one year. The cars were remote control and you could set up the race track any way you'd prefer. I still remember sitting there with my dad and my sister assembling the track and racing for hours on end. To this day, I still feel like that race track was a gift to my dad and not my sister and I.

I also remember the softball bat incident. Leave it to one of the coaches of the girls fast-pitched softball team to get hit just in the right spot (if you know what I mean). Unfortunately, this happened right as the other coach told all the players to look at Coach Chuck when they round on third base. So what happened? All the players turn to look at my father as he dropped to his knees in agony. He happened to be just in the right spot as one of our strongest batters was practicing her swing. I bet he remembers every bit of that metal bat.

Or how about when dad taught us how to shoot a CO2 BB gun in the backyard when we lived on Morganton Rd. Beware Bryan, I'm a good shot!

I am anxious to see the memories of my dad flow on this webpage from all that had the amazing opportunity to be touch by my father.

May God rest his soul and I know he is in a much better place. It brightens my day, however, knowing we will meet again. Dad, I love you to the moon and back and I would give anything for one last

memory with you. You will be greatly missed, but know you will never be forgotten. Until next time...

P.S. I miss you every second of every day!

Love your daughter,

Caroline

“ Chuck was a very friendly, outgoing person with a good sense of humor. He was a faithful, loyal husband to Kate and a very good father to Kristin and Caroline. He was also a good brother-in-law to Mary Beth and me. We are blessed to have known him as a member of our family.

“ So sad about Chuck. Know that I am thinking about you and family and will keep you in my prayers. Benton and I are so glad we met you and Chuck. Once in a lifetime you meet that kind of friend and we all just clicked. Just sad that we didn't meet 20 years sooner and we could have made a lot of memories. Will never forget the good times. Love you and stay in touch. Lenell

“ As one of my students from that special Hope Mills High School, Class of '72, I always remember Chuck with a laugh and a smile. He contributed so much by his friendliness to all, was genuinely upbeat and happy, and just a super person to be around! I shall miss him for the rest of my life.

My condolences to his family and friends, and to all those who were fortunate enough to pass his way.

I am shocked. Chuck, Katie & I were all active members of the Fayetteville JayCees, in our younger years. Both Chuck & Katie contributed so much of their time for others. He was a wonderful person.

My prayers are with Kate and the girls. May God Bless and Comfort you all.
