“ One year ago my family had the pleasure of meeting Mr Chuck at the beach. He took my country Ky boys Casen as he nicknamed Bullet, Cameron, and Jay under his wing for the entire week even though he didn't feel good. He taught my boys so much about salt water fishing. They will never ever forget Mr Chuck and his wife Myrna that he loved so much! I know he is getting the catches of his life with Jesus. The last words he said to our family was the good lord willing I will see you next year....it breaks our heart we were one month too long to have seen him again.....we will have to wait....
