CM

“ I met Clara through the Harrison community choir and found her a delightful, beautiful woman who reflected a relationship with her Lord. I know her as a woman who knew what physical suffering was, but remained strong in spite of it. I'm glad she is free from that suffering , but it is a real loss to our community. I think back to my last conversation wishing I could recall it in greater detail, but remembering it as meaningful. God bless you with his comfort in your loss of a beautiful soul.
