“ I was thinking about Wayne the other day-thought I would look him up- to my surprise and sadness. I thinking about how he was my mentor and likely never knew it. I am sharing this as a memory that I hope will make it to his family, albeit wayyyy late. I lost touch with Wayne after leaving the Georgia World Congress centre HR department many moons ago. He likely had no idea how much he meant to me. He was an ardent supporter of advancement for women professionally and teaching me about "integrity" in your character above all. He had a wonderfully commanding voice, perfect posture, a little bow in his leg and a heart of gold. He led with such confidence and fairness- managed the politics of the org so stealthly but richly without sacrificing any of his values. I have so much admiration for him and I hope I see him again on the other side. I'm sending love to his family and sharing that it's never too late to let them know how much their person meant to others! God Bless

“ A couple of years ago, despite his many commitments with his wife to serve other veterans and his family, he found time to try to help a struggling young vet I introduced him to at the Legion one night. A true leader who moderated his zeal with compassion to serve his country, his community, and his Christ.

“ Donna,

Bill and I extend our deepest sympathy to you and your family during this time. Wayne was such an amazing Christian man who loved his family, second only to Jesus Christ. I always loved seeing his smile and hearing his "commanding" voice at Woolsey Baptist Church. We were sad to see you leave us for Gulf Shores, but, it is comforting to know Wayne is now in his eternal home with our Lord and Savior.

We love and miss you,

“ My Uncle Wayne is one of the most honorable men I've ever known. His presence and voice immediately made you stand up straight and listen. He always greeted me with a handshake a hug and how are things young man. His love for his family was paramount even for his nephew and his family which has had a lasting affect on me my wife Loura and my children. My favorite memory is everytime I'm visiting he'd tell me how people in Alabama eat shrimp and I was gonna have to get with the program. I promise Uncle Wayne I'll eat a mess of Gulf Coast shrimp for you. Love you always!
