“ Crissie was one of the best people I have ever known. She was not only my precious daughter but also one of the kindest, most generous people I knew. Although her passing has created a tremendous void in our lives we rest in the fact that she is safely in her saviors arms now and we will see her again some day. Until that time, we will love and miss you forever sweet baby girl!

Crissie has been my great friend for so many years. When we worked together we had lunch together every single day. Most days instead of eating lunch, we would end up at a thrift store or liquidation. I love you Crissie. I will see you again some day. My heart breaks for all of the family.
