“ I am very sad to learn of the loss of Dana. I worked with Dana at OSH back in the 1990s and was impressed with her passion for the mission, intellect, and thoughtfulness. I appreciated the opportunity to know Dana and I know she will be missed.

“ Dana was the most amazing person. She was loyal, supportive, sharp as a tack, and full of energy! I worked with her in the Office on Smoking and Health and am saddened to hear about our loss. Her family will be strong but know we, her CDC family, is praying for all in this time! God Bless! Carrie Kilman/OSH/HCB

“ My deepest sympathy to the family of Dana Shelton. I worked with Dana for many years at CDC, Office of the Director, National Center for Chronic Diseases and Health Promotion. Dana had a fiery spirit and took her job seriously. I enjoyed working with her. She will be missed. I pray the loving arms of God will comfort Lil and her family.

“ So sad to hear about Dana's passing. Dana and I worked together for years and many laughs and kept each other sane at times when it seemed nearly impossible. We had lost touch the last few years. Very sad. Wishing Lil and the family all the best during what must be an incredibly difficult time.

So sorry to hear of Dana's passing. I worked for her several years. We had a word game that a few of us played before work started and she would stop and play with us from time to time. We talked about playing pool a lot because we shared that interest. She will be missed.

It is an extraordinary thing to absorb. This was one of the most vibrant, energetic, generous and intelligent human beings I have ever known. She and I were colleagues at CDC and close friends for nearly 27 years. That such a unique energy should leave this incarnate life so soon is deeply painful. My sympathy and remembrance to Lil and all those other whose lives she touched in many different ways.

I also worked with and for Dana. She was an insightful colleague and an inspiring leader. I remember being in a meeting where she announced that she and Lil got married. I have so many good memories of her from our OSH and NCCDPHP. She leaves behind a great legacy.
