“ Last time I saw Dave Reese was when we were cleaning the church building. He and his wife were working away, trying to clean the building for others. My neighbors told me he allowed their bee hives on his property. It was not unusual to see him on a tractor in his field after it was dark, working away. I'm sure he's working, where ever he is. My family knew Dave as "Mathew's Uncle " God Speed Dave and we will all miss your expertise in broadcasting church meetings for the whole community.

“ David and I went to N.H.Price elementary school and we both attended west end high school together. He was my best friend, David , Donald Walton and my self were always together We were called the three musketeers, David's father was a big fisherman and always took us fishing. One week end he took us to Callaway gardens where they has glass bottom boats so you could see the enormous amount of fish, David and I hid two fishing roods under the spare tire because they allow no fishing. We snuck out of the cabin and fished all night with jitter bugs .We caught a fish on every cast. We only kept 4 speckle trout. Walter just laughed and cooked them for breakfast. It was the best fishing trip ever. I am so sorry for the Reese family for there there loss.
Guy Mathews

“ *My Deepest Sympathies to David's Family. I worked with David at Fuchs Systems Inc and SGL Carbon. We traveled Mexico many times and enjoyed each others company. We fished for trout together in Idaho once and he had to teach me how. Good teacher due to this Texan only knows how to Bass Fish and we caught many trout. I will miss David.....May God Bless David and his Family.*

*Regards,
Bobby Davis*
