“ To my closet and dearest Uncle. I have too many wonderful memories to simply choose one to write about. I am missing you so much that words could not explain the hurt and emptiness with you gone. The comfort we all hold on to, is through our faith, knowing you're now in a much better place than even we are and that we will all be reunited with you one day. I hope your speeding through those streets paved in gold in one of your many fast cars, having the time of your life, while watching over us down here. You'll forever be in our thoughts, our prayers, our hearts..... Remaining in in souls. I love you more than anything, rest easy, rest in peace..... Your "Favorite & ONLY Niece"
