“ Debra, although we never met, I feel like I know you. Tina Grogan talked of you often to me. She told me how sweet, loving, courageous and strong you were. How you battled this terrible disease head on. Pictures I have seen of you confirm you are a beautiful lady and from what Tina said it was inside and out. I believe God had plans for you in Heaven and although we do not understand why someone so young can be gone so soon, I do believe you are in a much better place and are once again completely whole as you were before the cancer came. May you rest in Peace and may comfort come to those who will have a huge void in their life, from missing you here on Earth, until one day when they see you again. Ellen Hurd
