

## Donald Neuschwander

November 7, 2015

Donald Leroy Neuschwander of Loxley, Alabama, passed away Saturday, November 7, 2015 at the age of 91. He was born in Rock City, Illinois on March 16, 1924 to the parents of Harold and Alice Neuschwander. Don was united in marriage to his bride of 71 years, Marion Elizabeth (Betty) Neuschwander on March 17, 1944. He will be dearly missed by his wife, Betty; two sons and their spouses, Darrell and Ann Neuschwander and Richard (Dick) and Carolyn Neuschwander; and two daughters and their spouses, Sharon and James (Billy) Anderson and Irene and Courtney Trotter. Don is further survived by his brother, James Neuschwander; sisters, Carol Kromhout, Dorothy Meads and Helen Clay; seven grandchildren and seventeen great-grandchildren.

Along with his wife, Betty, Don owned and worked many years on the family farm and at Tri-County Implement. They worked beside each other for more than 70 years. Don was an active member and leader in the Brown Swiss Association and Monroe County Farm Bureau for over 25 years. Don led by example and taught many the value of honesty, hard work, marriage, a good joke and being together as a family. Very little made him happier than having his family gathered around the table sharing a meal, being outside playing horseshoes or croquet, or sitting down for a competitive game of dominoes or Euchre.

Arrangements by Cason Funeral Service, Foley Al
