“ *My dear sister Donna , I will always love you and miss you. I will never forget you and I know you are in the Hands of our God. No one can ever take away the love I have for you and that our family has for you. No one can ever separate us from the love of sisters or the love of God. I know and rejoice that you are in His mighty and loving Hand with all our loved ones. You are where all pain, tears, hurts , and fears are washed away. I know that one day we will be reunited to remain in the love of our family and at God throne of Grace and glory forever. My heart is with you.*
