“ So many wonderful memories of you brother. Some of my favorite times were jamming with you. Some people might think I'm biased, but I'm not. You were the very best drummer I've ever seen and heard. And, I got to play with you!! Every one would be scratching their heads and wondering how to play their part except for you. No matter the song or the complexity, you were always in time every time. I miss you so much little brother. I know you are in Paradise and as much as I miss you, I wouldn't wish you back here in the rat race. I'll wait my turn. Until we meet again, you'll forever be with me in my heart. I love you little brother!
