PH

“ I remember, the family gatherings him and the brothers out in the front playing football and trying not to run over the niece and nephew who had to play with them. He would also take his niece and nephew and squeeze us into the back of his barracuda going to see fireworks. He loved his family and his country. I will miss him greatly.

“ I have wonderful memories of the thoughtful things you did for us kids. Like waking us up in the morning with donuts, also many times at the beach when we were little, you throwing us in the ocean water helicopter style, making your special macaroni, hamburger and tomato soup dinners, watching wrestling, and Mash with you. I miss walks and talks we had when I was growing up. . You always gave great advice and taught me to never let anyone Tahoe advantage of me. You are loved and missed. Love you, your daughter Jennifer Kline-Vollmer.
