“*Doyle was my first room mate at Ga Tech in the Summer of 1958. We were both Co-op students and shared rooms both on and off campus until graduation in 1963. I didn't have a car but Doyle had a nice 1954 Ford which he shared with me on many adventures and double dates. We kelped in touch over the years until late last year when I realized I had not heard from him lately. Hard to realize you are gone buddy. Miss you man.*
