“ I will always remember Earl when he was attending Harmony Church. He was always smiling and so sweet. I thought of him as being a little quiet. I also remember him helping with me at VBS. He never wanted to press his opinion on how to do anything that week but said that he would do what we wanted him to do. We then told him that we needed him to do two lessons that week and he said he would. All I know is that when that first night came, I was so amazed at how he handled that. He knew what he was talking about and he came on strong in letting the kids know what that lesson meant. He talked that night and all I could do was to listen. I was so fascinated with him and I knew that he knew that Bible without any hesitation. I could not hardly wait for the next night he took over and when he did, he did it exactly the same way...powerful man but also very caring. I have talked about that year to many people and they all agreed as to how sweet he was. I missed him when he left us and I know that everyone will surely miss him now. The best part to this is that we all know where Earl is now. He is not longer suffering and is smiling and having a great time. God is good and Earl knew Him for sure. Earl and Janice were such a blessing. Janice will continue being a blessing wherever she goes. We will see you again one day in Heaven. Love you both.

“ *I've know Earl since 10th grade at WHS. We graduated together in the WHS June class is '62. We've remained friends ever since. He's been there thru the good times and bad. He'd been trapped in his body after hip surgery in 2012. He's dancing in heaven now with the angels. Love and miss you. See you in heaven.*
