Elaine marie hebert , from the moment our eyes met over 29 years ago we

both knew we had met our soul mate finally the search was over. Elaine was a caring, loving, forgiving, and god fearing woman determined to make a better person of me and she succeeded. Elaine touched so many lives over the years my apologies to anyone I may have neglected to mention it is not intentional.

Elaine's life was deeply rooted in Christianity, love and forgiveness for all. Never far from her bible and quoting scripture to me at every time I faulted. Her faith in god saw her through numerous life threatening illnesses, always smiling , always faithful to God and Jesus , constantly thinking of others above her difficulties during recovery.

Proud as a Woman , Proud of everybody in her "FAMILY" so many she loved.

I know that this side of rainbow bridge she met Chloe and Crook and cradled in the arms of Jesus Christ, crossed to the feet of God Almighty , The Holy Ghost , and Gabriel the Archangel. She now watches with the same love and forgiveness upon the mortals here on earth she cared for so very much!!

“ Good morning baby ,it's Thursday June 7th everybody has now left and we are alone again. I spend time talking to you ,last night Rob called boy he has a way of putting things into the proper perspective for me. He also loves and misses you thinking of you every day. I'm sure you know that but I have to convey my thoughts as well. I think of all the late night calls , so much laughter with his jokes. Well he became very serious last night I feel we REALY bonded for the first time. There will be other nights , I pray that with the good help of our friends I will adjust in time ITS STILL HARD WITHOUT YOU I know your with me all the way ,keep guiding me. “ She gave me refuge from a loveless home, from being sent away more than I was to boarding, wilderness and reform schools. She let me live with her and her loving family because I couldn't bear to live at home. She held an intervention for me at age 16, pain pills. She cared about me no matter how I acted, and I was a huge behavior problem then. She helped me develop my spirituality at a young age, helped me become closer to God, to be free about how I express myself spiritually. She passed on my birthday, Mother's day this year. Jennifer was my best friend from my childhood, who celebrated my birthday on Mother's day with me many times. I'm stunned by the coincidence and hurting. I wish I had reestablished contact when we moved to Pensacola, but now we are in Mass. With death often comes regret. I should have told her I was sorry and how much she helped me. May she have an adventurous afterlife and gain the knowledge we don't get until we pass on. Thank you, Elaine

“ My beautiful nanny, we lived together, we played together, got in trouble together and always had fun together!!! You taught me a thousand things. When mom said no you were always there with a yes! You always made sure Jen and I were happy. You always made sure we ate well. I could tell you things I couldn't tell anyone else. Of course you hated everyone I ever dated and made your own nicknames for them all. You were the perfect nanny!!! I hate that you left us but I'm pretty sure your still here! Who else can I drink my plum wine with? I've loved you for my whole life and you'll always be part of my heart! Thank you for everything and I miss you like mad!!! I'm always gonna be looking out for you like a good Lizzy Borden would do!
