“ My wife Karen and I first met Esther 10 years ago when we started
coming to Gulf Shores for the winter. After eventually finding out we
were both from Manistique we became fast friends. My Mom and
Dad were neighbors of Melvin Gonder and his wife which turned out
to be her sister. Then found out Cletus was Eloise Poupore brother.
Small world. I had graduated with Betty Jean. We had fun when
ever we got together remembering old times or having her give me
another cribbage lesson. I will miss her and always remember her
fondly! My sincere sympathy to Marv and all her family. Putter Reid
