“ I am so terribly sorry for your loss. It is so hard to beleive George has physically left the island but his spirit will always be found there. I know he is resting peacefully and has joined his family that left before him. I wish I would have taken the time to come and see ya'll. George always had a funny story, made people feel welcomed, shared what he had, and was extremely talented in repurposing. May peace, love, and sweet memories stay close to heart as his family continues their journey in such difficult times. Much love send to Diane, Destin, and Family ❤️
