“ If you didn't get to know Gerry, you missed out on a great guy. He reeled me in with his cupcakes. I was given one of his cupcakes by another member and the next day, I introduced myself to him to let him know how much I enjoyed it. He invited me over to meet with his group of friends & from then on I was hooked. He had such a kind, big heart...one of the most giving people I've ever met, especially during the holidays. I wish I'd had gotten to know him sooner. RIP Gerry, you are so dearly missed, Ann Tilly~

“ I met Gerry at the gym many years ago. While I was working I would pass the table where Gerry and others were having coffee. I told him when I retired I would join him for coffee. That was 6 years ago and I enjoyed having coffee with him everyday. He was a wonderful baker and brought muffins every Monday. We called him the muffin man. He was my gym buddy and miss him every day.RIP Gerry!!

“ Jerry has been my upstairs neighbor for 8 years. He was one of the first of my friends when I moved to Gulf Shores. He was a wonderful friend and neighbor. I loved his attitude and take on life. He just told it like it was. He could always help me find humor in life events. I was amazed at his early morning and consistent gym routine - even when he started having health issues. He was the best baker! He made the best Christmas cookies ever. We have tiny kitchens in our condos but he could produce large amounts of wonderful baked goods to give to his friends. He cared about others and did whatever he could to help. I miss him so much - just knowing he was upstairs was comforting. I was blessed to know him.

“ I was fortunate to meet Jerry at the Gym back in 2004 and have been great friends ever since. I shall miss all the great times we shared watching football, hockey and of course car shows. Gulf Shores will certainly be a less nicer place without him . Til we meet again my dear friend rest peacefully

I met Gerry at the gym many years ago. After working put I would pass the table where he and others were having coffee. I told him when I retire I would join them. So for 6 years I had the privilege of enjoying drinking coffee and most of all Gerry's friendship and conversation. We called him the muffin man because he brought homemade muffins every Monday. The gym is not the same without him and I miss him everyday. RIP Gerry.
