“ Gerri,  
*I remember meeting you when I was a little kid! I was not your favorite (lol)! It's a difficult job being a stepmother, bringing another woman's child into your home with your husband. Then something happened... years passed and I grew up and we become friends for the first time! More years passed and I had my own children! You were a wonderful grandmother to Logan and Mia and we will miss you! We love you! Melinda*

“ Gerri  
*I remember meeting you when I was a little kid! Honestly, I don't think I was your favorite (lol). It's difficult to be the "stepmother". You had a hard job of bringing another women's child into your home with your husband! The years went on .. and our relationship changed! I grew up and became an adult! For the first time, you and I became great friends! Then I had two children and our relationship changed again. You showed Logan and Mia much love just like a grandmother! Thank you! You will be missed! Love you! Love, Melinda*

“ Gerri you were more like a sister than a cousin. We made so many good memories, we laughed a lot and we cried too. We grew up together. My heart is hurting so bad but I am glad your pains are over. You were a very Special person and you will forever have a Special place in my heart. Til we meet again, Love you
