PS

“Graham was a Senior Registrar in Plastic Surgery at Canniesburn Hospital, Glasgow when we first met. Her started a group of similar trainee surgeons called "The Senior Registrar Travelling Club" which visited units round the UK. The picture is from 1973 when the club visited Stoke Mandeville Hospital. Graham is third from the left in the middle row.

I have many happy memories of his company, skill and teaching.

I am sad to here that he has died.
