“ I was sad to hear on the passing of Aunt Janet, but then comforted to know that she went to be with the lord. Aunt Janet had to endure a lot with her failing health for several years are finally over and she can finally be at peace! She was blessed to have a wonderful family to be by her side with the care she needed to get through her days on a daily bases. I can still taste the warm softest tortillas that i had ever tasted ! I remember thinking for a white women they were pretty darn good.(I was only in grade school what did I know.) I also remember our mothers putting Vicky and my hair in Shirley Temple curls like we were going be discovered as the next child star! I could go on and on but will save those memories for another time. To my cousins Juan (Johnny), Vicky, Matt, sister Ruby and to all her extended family, my prayers are with you always! Love, cousin Cathie
