“*Janice was a very good, dedicated genealogist and historian. I enjoyed knowing her. She did a lot of research in Baldwin County cemeteries, which helped a lot of other people who were doing research into their family history. I will miss her. --Marjorie Ard*

“*Absolutely shared some awesome moments with this lady.. meeting her through the Baldwin County Genealogical Society number of years ago. She contributed so much of herself, certainly had a huge love for her family and close friends. My life was better knowing her and my deepest condolences to her family and friends.*
