“ Aunt Jeanette was a special aunt. She was always so much fun! As a kid growing up we spent 99% of all our holidays together. My brother Steve, myself, David Laura, Mark and Tim (Timmy to us) grew up more like brothers and sisters than cousins. Jeanette had a one of a kind laugh and smile. I know she was my mother's best friend. Even though my mother is suffering the effects of several strokes and dementia now, the one thing that will always bring some sort of glimmer of connection to the world to her eye is to mention or talk about Jeanette. I could go on and on forever about memories of fun times (a trip to Florida, swimming at Doult's lake, picnics, dinners at Nannie's, sleepovers that could last a whole week) to name a few. I loved her with all my heart as did most everyone that knew her. To my cousins I say, "you were so blessed to have her as your mother , as I was to have her as my Aunt.
