Jeff enjoyed vacationing on the beach with family, crab hunting & grilling! He dedicated many years working at North Texas RV, a company his family owns and operates! His coworkers were his second family. Jeff never minded lending a helping hand to friends, family or coworkers! You could always count on him! When Jeff was around he made sure everyone was having fun - No Matter What!?! He was the big brother he was destined to be! He was the light to any fire! Even if the fire was a firecracker blowing up in his hand! If the fire wasn't lit; he would add gas to create the much needed flame!! He was a thrill seeker and enjoyed life to the fullest.

“ *Best big brother ever!! You will forever be missed!! It was nice spending our vacation together. Glad we got to spend that time together. Blowing up fireworks was always your thing. I was always the worrier like mom. You have left so many wonderful memories with so many people. I will forever look into the clouds to talk to you. I will never forget the time we spent on the dock in Bama. We talked about the shapes of clouds. We made absolutely no sense but it was joyful. Lyanna gets excited for practices and meets. She knows you are with her everytime. The amount of Coca Cola products we see now is unreal. It's as if you are still present. I'm a spiritual person so I see the signs. I will continue to see them even years down the road. I will take care of the parents and your spawns lol. I love you big bro!!*
