GS

“ Joe was one of the first friends I made in Orange Beach many many years ago. He was always willing to help me when I had issues w/ my prop. I'm sad to hear he is gone but I'm certain he is in a beautiful place beside God since he was such a kind soul.

“ I offer my condolences to Joe's family. I have seen him much over the last few years but do think of him on occasion with fondness. I remember one time at Walker Marina where are you he hung over the back of my outboard and with as Tilson wrench and hammer straightened my propeller that had gotten damaged. It allowed me to slowly return home. Rest In Peace Joe.
