“ *I was so saddened and shocked to hear the news of your passing. Although it been a while since we saw you, Rocky and I had so many good memories with you! Auburn games, KY basketball & watching football and cooking out at the house. You always were overly-generous with our yard help, even though I know you loved doing it. And I remember you loving our sweet Koda and other pups. You can see them now and tell them hello in heaven! Love you. Thank you for everything you did to help us out, you will be missed by many!*

“ *John was the best neighbor we could ask for in Foley. Whether we were going fishing or cleaning up fallen trees after a hurricane John was more than ready for fun or work. We enjoyed some nights of dancing and karaoke at the American Legion, watching and talking football, and of course, watching the Kentucky Derby. We will miss you buddy.*

“ Hey hey, uncle John!  
I will forever hold tight to the memories of our time together. The talks, the laughter, the hiking, the fishing, and the knowledge you passed on. Always a teacher....  
You had a tender heart and a great sense of humor. I will miss your stories. Whenever I pull a book you gave me off my bookshelf I will think of you.  
Thank you for officiating my wedding. It meant so much to have you marry us.  
I will think of you often and keep your memory alive and smile when I hear your name.  
I will find you where the music meets the ocean.  
Thank you, Uncle John.

“ My mind just won't give up the memories of you.  
Loved the hiking half dome trips with you and Dad. The New Year  
crab eating at Steve's. The laughter in Viking horns. Camping with  
the family when we never knew where our sleeping bags would end  
up each night, and a few Top of the morning To ya” Handing down  
the 55 Ford truck I learned to drive in. The drive-in speaker you  
drilled a hole thru your closet to hook up for me to hear your stereo  
when you played your records. I hope the memories never end.  
Jeg Elsker deg so mye John....Cheryl

“ I had many fun times with the Anderson's when  
I was growing up and I'll always have fond  
memories of Johnny. The last time I saw him  
was at Allison's wedding when he smiled and  
remember the nick name his dad gave me.  
Rest In Peace Johnny. ❤️

“ Growing up with brother John was always quite interesting, he was born to be a teacher. There were three of us John, the oldest, next was Steve and I the youngest and only girl. John was always good at organizing things to do. We grew up on a farm with every kind of animal you can imagine. John and Steve had a secret club where they would build forts out of scotch broom and hang out, well I wanted to be in the club. So John told me to throw a broomstick handle threw a glass window and I could be in the club.. well bullseye just as our Dad drove in from work . The last thing I remember is him saying “I never thought she would hit it” He also formed a Smokey the bear club with Steve and I. He taught us the song and sent away for badges and books for our club. Steve and I always got one word wrong and he would have a fit. He recently asked me to sing the song. And sure enough.....or the year we all got electric blankets for Christmas and the first night we used them, the power went out. Took him years to fess up to that one.. the lists goes on and on. Every time we spoke on the phone or were together it was always “do you remember when”. Some of our memories are hilarious, touching, embarrassing, but so much love and that sibling connection and bond that will never be broken. Love and miss him always....Cheryl ❤️

“ Much love to all who knew my Uncle John. He was a “Great” Uncle, as he liked to say, when I had my children. We would see him often as they were growing up and the fun he had with us all will be times that we cherish. He helped my son catch his first fish and was the first visitor in the hospital when I had my daughter. I will remember fondly our movie nights, back porch talks and reminiscing about home. He will be greatly missed by us all.

“ Dear John, I'm so saddened that you've left this earth. I know how much you dearly loved your son Greg and only wanted the best for him. Greg called you often and was so concerned when he felt you were lonely or could not carry on a coherent conversation. May your physical and mental anguish be over and may you rest in peace. We will always love you.

“ *Uncle John was the absolute best uncle!! My sister, Ann, and I would spend a week or two with he and Aunt Barbara every summer. It was a highlight for us and Uncle John was so involved. We picked fresh fruits and vegetables from his garden. He would take us for rides on his favorite red tractor. Uncle John, along with Aunt Barb, would watch patiently and enthusiastically as Ann and I would perform dance and gymnastics routines for them in their front yard. We watched movies, played games, he'd tell us stories and all the fun things children love. He was always SO happy to see us and SO interested in all that we did. I have so many special childhood memories with Uncle John. We would go to his office at University of Louisville, Churchill Downs, Claudia Sanders and the Indianapolis 500, one of Uncle John's favorite sporting events! Uncle John was a smart and compassionate man who loved his family and loved helping others. Thank you for so many cherished memories. I love you Uncle John. May you rest in HIS peace.*

“ Dad had the biggest heart in the world. He was a wonderful father and was such a positive influence on those around him. Even through his steady decline while dealing with dementia, he strived to care for me and those around him.

*I will always love you, miss you, and remember you. Thank you for everything you have done for me. I will continue to make you proud.*

*Love,*

*Your Son*
