“ *John Reed and I were good neighborhood buddies in elementary school in Topeka, KS, in late 60's. I spent the night at his house several times and we would play board games like "Life," race his cars on HO track he had set up in the basement, and occasionally ride his Rupp mini bike. Together, we took our girlfriends from the 5th grade class down by the creek in Briarwood addition, and we both had our first try at kissing a girl. Times were simple and fun back then. My condolences to the family.*
