“ I adopted my Lhasa Apso from Joyce in July of 2010. Yesterday, I gazed at my almost 16 year old doggie and thought of Joyce. Thank God for meeting Joyce. She gave me my 'little girl' who means the world to me and is still healthy and happy. I truly believe in divine intervention---Joyce was that angel for me.

“ I first met Joyce on Facebook. Over time, she came to California to visit and relax (not often). She was a loving and fierce advocate for the Schnauzer community, And other breeds too. Her energy and southern drawl will be missed.

“ First I want give my condolences to Joyce's family. My wife and I adopted two dogs (Mia&Rudy) from the schnauzer rescue. I appreciate all she did, in saving our and many other dogs, from certain death and terrible lives. She also did a great job of rehabilitating them too. Once again, I'm sorry for her family and friend's loss. May she rest in peace.

Joyce was dedicated to schnauzers, and she saved so many with her efforts. Those of us who shared this passion are devastated by the loss of one of our own. She will be dearly missed. Thank you for sharing her with us.

Joyce Pugh is my mother. I will forever miss the time I spent with her, even though it was not much, and mourn the time we missed together. I love you Joyce and I didn't tell you often enough.

“ I only knew Joyce thru Facebook and my love for rescue animals. Many times we chatted in messenger long into the night. She had a heart of gold when it came to her rescued fur babies. She didn't let anyone intimidate her to change her high standards she set for her adopters. She made sure they were matched with the best families. She was an earth angel to all rescues and God has gotten an angel with the most magnificent wings. RIP Joyce, I know you were met by a pack of rescues that have crossed over with your fur babies leading the pack. Now you'll be a guardian angel to the people you've entrusted your rescue and you'll guide them from afar. Prayers your family, friends and fur babies as they grieve during this time of sadness. You will not be forgotten your legacy lives on in your rescue.

“ I also only knew her through Facebook. A Brit living in TX, I try to support both my local rescue (where my dogs came from) and other's I've come across on FB. We'd chatted on FB on numerous occasions and we'd also spoken on the phone when she was experiencing some difficulties some time back. I was shocked to hear she'd passed as I thought she was improving. She will be sadly missed by many people. My heart goes out to her family.....

“ Oh, how i miss those late night phone calls from Joyce. She had the biggest heart for the dogs no one seemed to love. We have three of those fur babies. Joyce helped so many dogs to find homes and in the process she made so many friends all over the United States. We will continue with her rescue. Thank you, Joyce, for letting us be with you during your last days in Indiana. Don and I feel we have lost a daughter. Run with those babies of yours and give them all a hug from us!!!! “ I met Joyce when she moved to Indiana. I was immediately drawn to her southern drawl. She was hilarious and said whatever she thought. We always had fun cooking, watching movies and just hanging out. Joyce had the biggest heart of anyone I have ever known. I have witnessed her cleaning out her fridge and pantry for someone that didn't have food for their family. She was so giving. I will miss her and I am happy I got to know her. She loved animals. She gave the animals a voice. She had birds for the longest time. I hope animals go to heaven, she will take care of all of them. Gone to soon. RIP! I hate cancer.

“Joyce was a force of nature and the fiercest animal advocate I know. I met her 5 years ago when I was looking for a schnauzer to adopt through a rescue. That was the beginning of a deep friendship and I began volunteering for the Almost Home Schnauzer Rescue. I will remember her passion and dedication to those with no voice and her unrelenting efforts to save as many as humanly possible. I will miss Joyce forever and my heart is broken that she's no longer with us. What comforts me is knowing that she's in heaven, running and playing with all of the schnauzers that got there before her. Peace my friend.

“Schnauzers far and wide have lost a fierce advocate. I assisted her with a foster and transport about 2 years ago. Her passion was unmatched.

Joyce I will miss the late phone calls trying to figure out how I get the big dogs up from Texas , I will miss the political conversations, I will mostly just miss you. You worked so hard to save not only Schmauzers. But trying to place other dogs with other rescues, us being one . Instead of thinking the animal world lost a huge advocate, I prefer to believe you will continue to guide us from above . 🌸 until we meet again my friend watch over the pups. Maureen Petro-Riffel
