“ It's been almost 14yrs since we all lost my dad(Sgt Richard L Hill) and I know my grandma Judy fought her cancer with eveything she had until the very end. Grandma Judy was the one you went to when you needed the truth and didn't need it to be sugar coated! She got two more years and I want everyone to remember that when she was given months she got years. Thinking of her everyday but also remembering she isn't in pain any more and she is in good company with my daddy.

“ *Judy asked 10 years ago if I thought my mother would live forever. Well I sure did and she had just passed. Now, you know I sure did not ever think of my sister passing, I had her longer than my mom. I will keep sis alive in my memories always. I know the reunion in heaven is a great celebration.*
