“ *Judie, you were a bubbly bright shining light. I have such memories of fun with you throughout high school and college as well as with our other friends.*

Who can I sing the Super Chicken song with now?

Love Claire

“ *The prettiest, smartest, nicest girl – I couldn’t believe my luck in having her as a very good friend at the start of high school. She was always kind and generous and very fun. Growing up together during those exciting yet difficult years was an experience. I will always treasure. I really cannot believe she’s gone. – Ellen Wallace.*
