“ *Martha has been my friend for 50 years, whether she was in Illinois or out West or down South. She lived a few houses behind us for years.*

*My dearest memory was hanging out at her Mom and Dad's house when they lived there. Her Sisters were around too. God bless Donna ,who died so young.*

*Mart and I always stayed in touch no matter the distance. We had a"radar" I cannot explain....but there was always a phone call when the going was rough.*

*Mart was not the quiet one. She told it like it is. And she loved us all with all her heart. You know who I am. Love to all, Mary*
