“ *Red worked hard, partied hard and loved hard... I was lucky cause I was the one he loved. I couldn't go into a store and look at anything twice or touch it because he went the next day and bought it for me.. whether I wanted it or not...God broke the mold when he made him... never be another like him..he never wanted me to hurt or cry .. always wanted me to have the best he could give me...I would give up everything I have and live under a bridge just to have him back...I'm hurting and crying now and he can't fix me...I will always love you My Baby!..I will see you again some day... I'm coming with bells on..listen for them and come meet me..*
