We always loved riding the go-carts when we came to visit!

“ Mike, you are greatly missed and I think of you every day, wanting to talk to you, text you, just hang out with you. You have made a real impact on my life with your big smile, jokes that you told and the laughs that we shared. You had a big, soft heart that you would never admit, but it shown through in the things that you did for people, the way you treated people with kindness and genuine caring about others well being. I enjoyed every minute we shared laughing as we unloaded the trucks each week and cut up like we were kids. My brother, you will be missed more than you could ever imagine, by so many people. Rest in peace brother. Until we meet again

“ Mike, it's hard to say how I'm feeling, but since I didn't get to tell you in person before you left this Earth, I will try to express it here. I know I speak for me and your other children (both biological and not) and can say that we are sad that you are gone. We are also sad that you didn't know just quite how to be a dad and be there for us. We kept waiting and hoping you would show up one day and show us that you cared for us. I know you had a not so great childhood yourself and suffered PTSD from fighting in Vietnam so I'm sure that affected you greatly. Michael and I were the closest to you and we have cried several days of tears and are still mourning your passing. We are sad you didn't get to have more contact with your grandchildren as some were even further away. We will soon be there to take care of things for you and I hope we can honor your wishes, whatever they were in the best way we can. I know that we didn't have as much contact in the last few years but that doesn't mean we didn't think of you often and hope that you were doing ok. You may not have shown it to others but I know you suffered in pain, both physically and emotionally, and I know you are at rest now! We did love you even with your faults, you were still our dad!

“ Mike was one of a kind! He brightened the room and always made you laugh or smile. He was a caring man who loved life! He loved his cat, Lexy and his wing man (dog) Murphy! Most of all he loved Karin! He was loved and will be missed! Ft. Morgan will not be the same without him. I will cherish my memories and it was an honor! Your duty is done, Rest In Peace!
