“Infectious laugh” is exactly right.

*A few funny memories with Mike immediately come to mind. One was at my wedding, which I believe was one of Amy and Mike’s first dates. The night before, while we were setting things up, my mom turned to me and said, “It’s nice of Amy’s dad to help set up.” I laughed and said, “Mom, that’s her date!”*

*The age difference never mattered. While many people thought it would never last, their love for each other proved so many people wrong.*

*Another favorite memory involves our daughter, who has known Mike and Amy since the day she was born. When she first started talking, she thought his name was “Popcorn” instead of “Buckhorn.” 🌀 From then on, he was “Popcorn” to us.*

*Alabama won’t be the same without you, Mike. You will be greatly missed. Sending much love to Amy, Lakin, Jess and family, Missy and Marilyn*

*Rest in peace, “Popcorn.” ❤️  
Amber, Booter and Therese*
