“ I remember spending the night with my niece Tammy, Dean at the time was married to my sister Jacquelyn. I was around 8 or 9 so Tammy was like 5, I never stayed away from home much and was being a baby wanting to just go home. But Dean and my Sister kept talking to me making me feel more comfortable.. I did end up staying the whole night and had fun playing in their big old house on Dewey Ave.. Tammy was my best friend for most of my life and we may not see each other as much as we did growing up but we are still close.. So sorry for your loss Tammy... I am glad now I took the time and wrote him a letter a few months ago, I heard he was happy to get it..

He was happy to get it, and had planned on writing back but his hands just wouldn't allow him to write that much. I appreciate your memory so much. Thank you!

I was a classmate of dean's at benton. He lived just one block from me on brown st. He was a good friend in school. I spoke to him a few months ago and I'm so sorry to hear about him passing. I keep a memorial book on other classmates. I would like to have more info and pictures if possible. If possible I would like to have a copy of the funeral order of service to add to the memorial book.
