“ I met Kevin through my brother being his older brother's friend. Jerry and Keith are still friends. I didn't hear about his passing back in July. He's the ONLY time I skipped school! He was a guy, and was going to make someone a great husband someday. He was very sweet and kind. I'm happy to hear he had a family of his own, though him passing was way too soon, he sounded like a happy man. See you on the other side someday old friend! Fondly,
Heather

“ Our thoughts and prayers are with you at this time of loss. Kevin was sent to me by the Lord to help us build our house. We were living in South Dakota so he kept an eye on things and was always good about sending pictures. He will be greatly missed. May you rest in peace my friend.
