

## Paula Darlene Martin Baird

April 8, 2021

Paula Darlene Martin Baird, also referred to as “The Fishing Lady,” was born on December 6, 1962, and sadly left this world while at her residence on April 8, 2021. She was raised in Walker County, Alabama, but had resided in Foley for over half her life doing what she loved, commercial fishing. She took extreme pride in her fishing journeys, and to know her, you knew she put her heart and soul into it, until her health unfortunately got the best of her and she was forced to give it up several years ago.

She leaves behind two children, Wendy Sanders (Barry), and Jimmy Lemmons (Candace), six grandchildren, and five great grandchildren, and a very special friend, David Cooper. She was preceded in death by her parents, Paul and Shirley Martin.

Memorial services will be announced at a later date. We sure will miss our Captain Darla, and until we meet again, remember what Jesus says in Matthew 4:19, “Come and follow me and I will make you fishers of men.”
