

Peggy Tharan

July 17, 2020

Peggy Tharan died last week in Alabama during surgery. She is survived by 2 children, 2 grand children and 4 brothers and sisters. She cared for all those around her right up to the day of her death and her poor heart had no more to give. She loved the Lord above all and is spending eternity hearing “Well done my good and faithful servant”. The following is one of her weekly prayers:

Holy Spirit, lead me to the wisdom today that unlocks the path to God’s will for me in the large and small choices of my life, so that in all of my thoughts, words and deeds, I might give glory to God!
