“ *I miss you daddy, I can still see you every where. You always did your best to make sure we had a home and food to eat and we always did. I know you missed your grandkids. I always tried my best to help you. So did Otis. Y'all are so much alike some. You rest now . But if I know you your having a good time seeing mom and Tammy and I bet Justin jumped for joy. We miss and love you.*
