“ Bill and I first met Bobby in the late '60's when the two of them worked for Brunos. Our families became close friends and had some fun times together. I guess you could say we have been through good times and bad times together but we all knew we could count on each other when needed. We loved Bobby like a brother. When football season starts we are sure Bobby will be cheering for the TIDE from heaven. Roll Tide, our friend!
Bill & Glenda Moody

“ Bobby Roddam was a friend to me. I have wonderful memories of times we spent together. My friend was a fighter and I admired him for that. Rest in peace my Brother.

Love you

“ Bobby was a wonderful friend to our family. We became friends when he bought his condo years ago. We enjoyed talking Alabama football and he was very knowledgeable about the Alabama football legacy. We enjoyed eating mullet with him at Sea n Suds. He always asked about our family and would often call to check on us. He just called us two weeks ago. We are so saddened by his passing, but know he is with the Lord. Praying for strength for his family.
