“ I will always feel blessed that Ron and I met at the point in our lives that we did.

I knew from the moment he looked into my eyes, from across the room, I could trust him with my life, and I came to do just that.

A wood craftsmen, he could make anything, having created a couple of guitars that I saw.

His love for music took us to several music events over the years, one of the most fun being Frank Zappa...lots of memories around music, we used to celebrate our birthdays dancing around Bugs Henderson.

He moved to AL. and I to CA, and once settled, I let him know where I had moved.

We wrote and talked on the phone quite a bit.

He told me once he came to know me even better with all the miles in between us...that we were parallel soulmates. He had some really great friends...they all loved him.

I hold that especially close to my heart today, only finding out the news this morning, through a mutual friend. I will always have a special place in my heart for Ron.

Hold me a spot at the Jam going on in heaven...I know you are enjoying it~

I will see you again, on the other side~

RIP, my sweet friend...Godspeed~

“ *Condolences to Ron's family. Couldn't meet a nicer guy. Never heard him raise his voice to anyone and never heard him say a bad word about anyone. He was always there to lend a helping hand and always said funny things to make me laugh. I will miss him.*

“ *My brother Ron was a kind soul. He would give you the shirt off his back if he knew you needed it. Ron had many talents, such as drawing, he could sketch a portrait with ease and detail. His passion for music was endless, from listening to the blues to vintage rock and roll and naming band members and knowing all the lyrics. His sense of humor and endless jokes always made you laugh and cry. Growing up as a carpenter he took his skills serious and took pride in his accomplishments. Ron will be truly missed by all of those who knew him. I want to give thanks from the bottom of my heart to those that looked over him in his time of need.*
