“ Susan was my best friend in elementary school. We spent long summer days playing together in Meridian, MS. We got lost in the shuffle when moving into different junior Highs. My family moved away in 65 at the start of our high school year. We never reconnected. I tried for many years to find her but never succeeded.

She was a precious friend that I loved dearly. My life is filled with wonderful and fun memories especially of summertime adventures.

Please know that she was loved my many. My condolences to her family.
