“ Chris, You don't know me, but I was a childhood friend of Sue. We lived down the road at 2926. Sue was a few years older than me, but during the summer we would play "horses" (Sue's idea) in the woods behind our houses. In the winter when the river froze, we spent time after school playing Steal the Bacon on the ice. I am so sorry to hear that Sue is no longer with you. You have my deepest condolences. She was a good friend to me and a fun part of my childhood. She was a wonderfully kind girl and must have grown up to be the sweet and loving adult whom you loved.

“ Chris, I was so sorry to hear about your loss of Sue. I have so enjoyed both of you over the years at GlenLakes and although I am not a resident and haven't played much golf in the last year, I have many pleasant memories of you both. I must say, too, that I learned something significant years ago when Sue had a heart attack and we almost lost her then. I remember talking to you and learning that women often have different symptoms than men -- something I did not know before then. Sue always had a smile and a happy face, and I'll always remember her for that. Best wishes and my deepest regards to you and your family.

“ Dear Chris

We were so shocked to hear the sad news about Sue. We did know about some of her medical issues over the last few years. But she sure was a fighter. This is a great loss for you and the many people in your circles. She was always a kind person to everyone. Many wonderful memories will live on. Please accept our most sincere condolences.

“ Chris,

Nancy and I send our deepest condolences on your terrible loss. While we did not have the privilege of knowing Sue as long as many others, in the short time we did she became a friend. We will miss her dearly and wish we could be there to offer our condolences in person. Semper Fidelis Sue!
