“ *I am so missing you. I feel you not in this world every day and it is like a piece of my soul is missing. There have been moments when I so need to talk to you and I just talk to the wind hoping that you can hear me. I never expected to miss you so much. I thought you would always be there for me and Thomas. I cry out of the blue when a memory of you enters my mind. I never expected you to not be here. I will always love you and you will always have a special place in my heart, a place only you could go. You are forever in my heart and almost always on my mind. Love you to the farthest Star and beyond.*
